I, Ray Pogue, upon leaving this fine (?) school bequeath to Loran all the typing paper I have wasted in hopes that he can make some use of it. To Joe, I leave my great and lasting memories of Mr. Skinner. Last, but not least, I leave my car to Gloria in hopes that she can drive better than she does now.

I, Eleanor Montoya, now preparing to leave this wonderful school would like to leave a few things to my friends.

I leave my ability to go steady at a ripe young age to Gloria. I leave my good grades and my report card and my love to my brother, John. He'll make good use of them. I leave my ability to get Out Of Town Boy Friends to Esther Pooley. To Linda, I leave my quietness which I hope she'll treasure. To Dennis and Joe, I leave my friendship and also my unfinished work. To Judy, I leave my figure (?). I wish I had her height (about) so that I didn't have to be short. I leave the rest of the students in care of the teacher, for teachers try hard to teach us what we don't know yet about ourselves.

I, Andy Pickett, upon leaving this school, leave some of my treasures to some of my class mates.

I leave Gloria my ability to get along with the teachers. (Ha Ha) I give Joe my wolf permit, use it for good purposes, Joe. I leave Jeff my ability to cheat, in tests, etc., but just don't get caught. Last of all, I leave all of my intelligence tests to be kept in the office by Mr. Inman.

Operetta 2

I, Laree Bushman, on leaving this wonderful (?) school, feel it my duty to leave some of my talents and possessions to the more unfortunate who have to stay here.

To Judy, after a lot of thought, I have decided to leave my "big" feet. To Marva Ann, I give my ability to see something funny in everything, regardless of the occasion. It gets me in trouble too often and I would like to be more serious upon entering H.H.S. To Joe, I give my permission to sit by Linda and get the answers from her. Next, to Darlene, I leave my ability to get to all the classes just after the bell has rung. This comes in handy when you have the urge to write a theme. Also, I would like to give Esther my good eyesight. With hers and mine together she should have perfect vision. And last but not least, I leave all my dead brain cells in hopes that they can be used in Science. Take good care of all these things and remember me by them when I am gone.

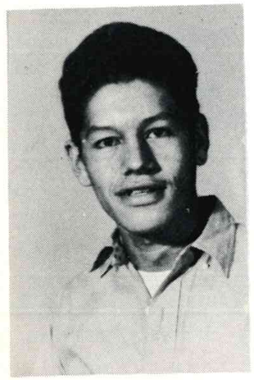
Felix Montoya



I, Felix Montoya, being of sound mind (?) and strong body (?), upon my departure from this beloved school, sit myself down at this beat up typewriter and write this, my last will and testament.

My long, black, wavy hair goes to Arthur Bushman. To Gregg Inman, I leave my muscular physique (?) and the ability to play basketball(?). My back row seat I will to Dennis, but I hope he uses it to better advantage than I did. I leave my pictures to the girls of the 9th and 10th grades, so they may have something to remember me by. My athletic skill (?), I hope to take to Holbrook, but I leave all the ?'s in this typewriter to Mr. Hatch so he won't wear his pen out marking them in his grade book.

I, Grace Pooley, upon leaving this "dearly beloved school" would like to bequeath the few treasures I have to the following of my lower classmen. To Gloria, as being my best friend, I would like to leave one of my few treasures, which is the deep friendship with Mr. Inman. To John, I give my part of playing innocent when something wrong comes up. To Loran and Dennis, I would like to leave my brainless brains, in hopes I can develop a new and better one. This is one treasure I would like to keep, but I'm afraid I wouldn't last long in Holbrook if I kept it. It is the treasure of constantly moving my tongue (talking and laughing). This I bequeath to my two old buddies, Jeff and Joe. To Judy, I leave my ability of not being shy. Last of all, I would like to will out to my sister, Esther, the mail box and phone which is almost constantly in use by the opposite sex. Take care of them, Esther, they come in handy sometimes.

I will keep my flirting ability, which I will want to use in Holbrook.

I, Nick Randall, upon leaving this beloved school, wish to bequeath a few things to the following classmates.

First of all, I would like to leave my ability to be on good terms with the teachers to Jeff. To Arthur, I give my height. Keep it, Arthur, it will help win girls. To Joe, I leave my great ability to type. Any love that I have for biology I bequeath to Dennis. And speaking of biology, I wish to leave to Mr. Hanson all my dead white corpuscles (commonly called pus). And last but not least, I wish to leave my ability to milk a cow to Stuart.

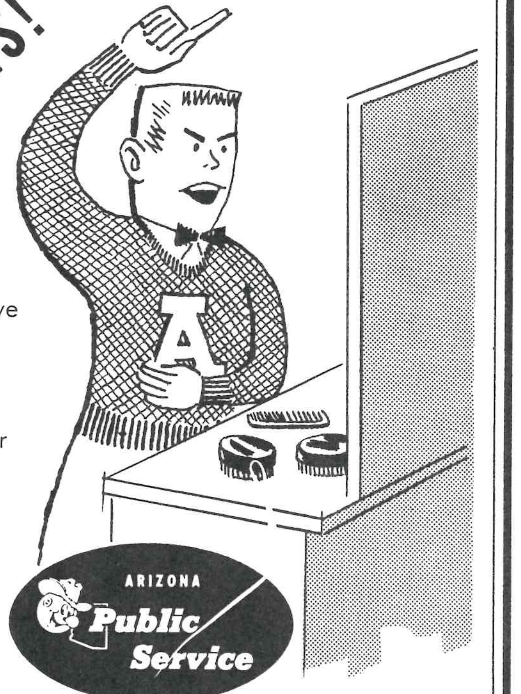
Congratulations, Graduates!

Some of your education is behind you — some lies ahead — but there's one important lesson no professor can teach you — *the habit of regular saving!* Start right now to save part of everything you earn. You'll find success easier and faster if you work diligently — and save regularly!

Open a savings account at Western Savings — where your account is insured to $10,000 by an agency of the U. S. Government, and where your money earns a big 4% dividend! *Small amounts, saved regularly, grow to large sums!*

WESTERN SAVINGS
AND LOAN ASSOCIATION

... taxES ... TAXes ... taxes? ... TAXES!



Rehearse it well! It's a word you'll be questioning often, praising sometimes, complaining about regularly . . . for the rest of your life. And yet, the freedom to pay for the education, recreation, and protection we want through taxes is a privilege reserved only for a free people.

We at Arizona Public Service, are happy to accept our responsibility as a good neighbor, along with nearly all businesses and individuals, by paying our fair share of taxes.

Providing low-cost utility service is our main job. Being a good taxpaying citizen is important, too!

Some to college... some to work

We hope you will find a way to college, for your life will be fuller and richer if you do. For those of you who must enter the business world now, let us recommend that you open a savings account immediately – however small – at the Valley Bank.

As you progress in your business life, you'll need bank credit. And when a banker makes his first loan to young people, he is guided mainly by the banking record they have established in the past.
